Production of patriotic films

†2771. SHRI JAI PRAKASH AGGARWAL: Will the Minister of INFORMATION AND BROADCASTING be pleased state:

(a) whether production of patriotic films has been reduced considerably in the country during the last few years;

(b) if so, the reasons therefor;

(c) the number of patriotic films produced and broadcast by Doordarshan during the last three years till today; and

(d) whether Government propose to promote production of such films and put a check on production of action movies in future?

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI PRIYARANJAN DASMUNSI): (a) to (c) The film industry in India is almost entirely in the private sector and no data is centrally maintained on the genre of films made every year. However, the comments of the Central Board of Film Certification (CBFC) and Doordarshan have been obtained. CBFC have stated that there is no such category as "patriotic film" in the classification of films under which the certificates are issued. If at all, there are any patriotic movies they are included in the classification historical which may include other movies also. As such, no concrete reply pertaining to the number of films so produced can be given. Doordarshan have stated that they do not produce any feature films and the number of patriotic films telecast are 21 during the last three years till date over the Doordarshan National Network.

(d) It is the endeavour of the Government to encourage production of quality films in all categories. Organisations such as the National Film Development Corporation, Directorate of Film Festivals and Children Film Society, India play an important role in meeting this objective through financial support, Awards and film festivals at the national and regional levels.
